
JOB DESCRIPTION- TOOL AND DIE MAKER

We are a leading exhaust fan manufacturer currently looking for an experienced **Tool and Die Maker** to work in Woodbridge.

Key Responsibilities:

- Conduct test runs with completed tools or dies to ensure that parts meet specifications.
- Cut, shape, and trim blanks or blocks to specified lengths or shapes using power machinery and equipment.
- Measure, file, grind, shim, and adjust different parts to properly fit them together.
- Fit and assemble parts to make, repair or modify dies, jigs, gauges, and tools using machines and hand tools.
- Inspect finished dies for smoothness, contour, conformity, and defects.
- Lift, position, and secure machined parts on surface plates or worktables using hoists, vises, or v-blocks.
- Set up and operate drill presses to drill and tap holes in parts for assembly.
- Develop and design new tools and dies using computer-aided design software.

Qualifications and Skills:

- Must be experienced in a similar role in an industry-related manufacturing environment.
- Must be computer proficient in all Microsoft applications as well as AutoCAD and Adobe.
- Excellent organizational, planning, time management, and decision-making skills.
- Ability to take direction and instruction from the Plant Production Supervisors.
- Able to read, write, and communicate in English clearly.

Shift:

- Mon-Fri, 8am – 4.30pm

Benefits:

- Competitive starting wage working for an industry leading company in Canada
- Group Insurance health plan package after 1 full year of employment
- RRSP/DPSP profit-sharing plan after 1 full year of employment
